2013 RIDE & TIE SCHOLARSHIP

The \$1,000 Ride and Tie Association Jim Steere Memorial Scholarship will be available again in 2013 to any student enrolled in a veterinary program in the United States. This is the fourth year The Ride and Tie Association has offered the scholarship.

The scholarship is awarded to the veterinary student who submits the best short article that is useful for publication in the Ride & Tie Newsletter. The 700-1,000 word article may be technical or scientific, or could relate to experience with horses and/or competition.

Students at the Washington State University College of Veterinary Medicine were recipients the first two years. In 2012, a Colorado State University College of Veterinary Medicine and Biomedical Sciences student was the beneficiary.

Each article must have a cover page that includes: name, current address, year in veterinary school, title of article. A bibliography of sources used should also be included.

Send submissions to scholarship@rideandtie.org by August 1, 2013. The winning article will be selected by a committee chaired by the Ride and Tie Association's head veterinarian. The selection will be announced at the 2013 World Championship Ride & Tie race being held in Fort Bragg, California on August 24th.

The Ride and Tie Association is a non-profit organization dedicated to promoting competition, sportsmanship, horsemanship and education about the enjoyment of the sport of ride & tie. All of the funds donated to the scholarship fund are used strictly for this purpose.

If you have any questions please contact us via e-mail at scholarship@rideandtie.org or call 509-521-6249. You can also visit our website at www.rideandtie.org.

CHRIS AMARAL

I did my first Ride & Tie in 1983 with so little riding ability that I pleaded with my partner to not make me ride. I did, and ever since have had more fun than I knew was possible. I would like to join the board in their efforts to grow the sport and return it to the numbers that participated when I got started. I was the race director for two championships in Humboldt Redwoods State Park, continue to mentor newbies across the region and offer unsolicited running advice to everyone within earshot. As an active participant in running races for almost 40 years, nearly 30 years endurance riding including serving in a supporting role for Pan American Championships and North American Championships Teams I know I have the background to help Ride & Tie I thrive. I am grateful for the work the board members that have served in the past have done and excited for the chance to work as a part of the board that has provided me the chance to have so much fun over the years. I say it every year at ride camp at the championships; you are the nicest group of people to spend time with.

GUNILLA PRATT

I completed my first ride and tie in 1999. I was hooked after that. This is definitely my sport since I love horses and I love to run. I also love endurance riding. Anything that has to do with a horse is what I am all about. I have rescued and found homes for many horses. I also have several unwanted horses that are older and are out to pasture living out their golden years. I have loaned out my extra horses to people that don't have a horse and want to compete in Ride and Tie. It has worked out nicely to get people involved in this great sport. My barn is always open to a newcomer. When we are out riding and I see a runner I ask them if they ride. I invite them to ride with me and then I reel them into ride and tie. (I'm still working on a few people.) I have great computer, manage-

ment and organizational skills. I am a very positive person and I

love to encourage others. I have enjoyed Ride and Tie and I know I would be a great addition to

the board of directors.

Thank you for your consideration.

HELPING OTHERS

by Jennifer Monioz

escanso Ride & Tie, June 8, 2013. It miles of the long course. This whole bit started out like any other Ride & Tie race: a flurry of horses, riders & runners setting out on a trail on a beautiful morning with the sun coming up over the hills. The first couple of miles were pretty routine: we rode, tied & ran with Irish Mike & Gunilla whose horse Kahana was running his first R&T, to make sure he wasn't alone at ties so he could learn what we were out there doing. He caught on quickly & they moved ahead, beyond us at a faster pace than we could keep (my human partner is not a runner).

Then between miles 3-4, I was on foot on a beautiful section of single track with dense, tall bushes on both sides. I was anticipating a left turn ahead when I heard my human partner yelling. Her voice was coming from my right, beyond the thick brush, off the trail. From what I could gather, she had tied our horse LP, he broke the tie by pulling a dead bush out of the ground & took off running into the thick brush. None of us could see the other due to the density of the vegetation but we could hear each other so we could communicate somewhat. I made my way through the brambles & branches to a rock outcropping so I could get a vantage point to locate LP. I could hear him crashing through brush & then his hooves clattering on rocks. I spotted LP, called to him & was able to make my way to quickly grab him before he could run off again. We got him settled down & cleaned up -just minor scratches thankfully - it's amazing how scary a little bit of blood on a light gray horse can appear! It took us a few minutes to figure out how to get back to the trail from the off-trail section we had ended up in, but once we did we were able to take a few minutes to clean ourselves up & determine if we were ok to continue the last 20+

of misadventure took about 30 minutes.

While we were brushing leaves, twigs, thorns and spiderwebs off ourselves & LP and picking out ~100 fox tails order to continue or at least make it to from our shoes & socks, another team came up the trail slowly, 2 young girls in pink with a cute pony. They looked pretty upset so we asked what was wrong, if they needed help. They were girls (Abigail and Bree) were there with having trouble with their pony at the ties, she was used to being tied with a buddy horse and was being difficult out a chance to learn to ride horses. Chalthere all by herself. They were either turning around & going back to the start or pulling out at the vet check. I suggested we all ride, tie & run together for the next few miles until we parted ways on our respective courses at the long/short course split, so that the

Jennifer Monioz and Susie Schober

horses had a "buddy" to be tied with and could calm down together and so we could all just generally regroup and get back into a good mental place in the next checkpoint. I'll say it was really nice to be able to run & ride & talk with someone out there on a day like this.

We learned the high school-aged Challenge Ranch, a local non-profit program that offers underprivileged children lenge Ranch had a few kids riding the Descanso Endurance Ride that day also, and we had seen some of them at the Cuyamaca Ride & Tie last October as well.

Coming down the hill to the course split we asked to have our pictures taken together by the ride photographer. We parted ways, the girls to the Sweetwater Bridge vet check and us on the long, tough trail (mostly uphill it seemed, and with little shade, if any) on the long course loop. Without any further mishaps and with a much-needed stopover at the mid-ride vet check to refuel, we managed to finish the long course and passed the final vet check. We learned shortly after that the girls with the pony had checked in at Sweetwater and decided to continue the course, and finished first place in the short course. We were so proud of them & went to find them and give our congratulations. The girls were so happy to have finished, and gifted us with a beautiful photo-filled Challenge Ranch calendar as a thank you.

Ride & Tie isn't just about racing and winning, it's about sharing the experience with others and helping out along the way so that they'll want to come back and try it again. We all helped each other out there & got completions because of it. I'm looking forward to seeing those girls and their friends at future Ride & Ties.

REMEMBERING DAL BURNS July 2, 1951 - June 5, 2013

al passed away at home from complications from cancer. He was born in Newcastle, England and in the eighties he immigrated to the United States.

From the first experience Dal had racing in a Ride and Tie he was hooked on the sport. Dal became the editor of the Ride and Tie Newsletter with great enthusiasm. Dal enjoyed telling people it was "the most fun you could have with your clothes on".

Dal traveled extensively and was an explorer, a stuntman, actor, radio script writer, dairy farmer, acting teacher as well as an extremely accomplished computer engineer. From his experiences in the outback of Australia at the age of 18 he wrote a one-man performance piece, "Outback", which he performed off and on for five years and also recorded as a CD.

Dal was an accomplished equestrian who rode his Peruvian Paso, Bella, in several limited distance endurance rides. He was a popular member of the horse community in Napa Valley and was a familiar figure running the trails near his home in Angwin.

Dal will be missed by many. ~ Peggy Smyth

REMEMBERING PUMPKIN

It is with sad news to report Pumpkin (Annie Betts) passed away 6/28/2013 at the age of 19. Pumpkin raced for 4 years, starting in 2006 and accumulated 236 miles in 10 races, including one long course championship and two short courses. Don and Annie Betts loaned Pumpkin out for many of the races and there are people out there who did these races with him and will remember him. I spent many a time out at the Betts' ranch in Sequim, WA looking after the horses when they went on a trip. All the horses knew their "place" in the barn at feeding time. And Pumpkins was right behind the feed and tack room where I would prepare their grain mix. I would often see him sticking his head above the wall to see and smell what was going on. And through the chicken wire I would pass him one or two carrots before the other horses got their grain mix. It was his way of saying "I get to eat first!" He may have been picked on but I had my way of sneaking other carrots to him so the other horses wouldn't bother him eating. Always the gentle horse for the kids to ride. We will miss seeing him in the pasture.

elcome to all the new members of ride and tie. Team SoCal came up to support NoCal.

What a hot day! The strategy had to include dealing with the heat and humidity. There were a total of 10 teams. 5 in the short course and 5 in the long course. Eve originally came to take photos and crew and now has done two ride and ties since!
